

EUROPEAN SMALL-CAP FINANCING WATCH

Beta sample - simple overview of financing and dilution in European small caps

Research cutoff: 30 Sep 2026

Beta universe: 25 companies | Sample shown: 5

SHARE DILUTION

New shares already issued, or securities that could create more shares later.

NEED FOR MORE CASH

Whether the company may need more cash, based on cash, cash burn, debt and disclosed plans.

ABILITY TO ISSUE MORE SHARES

Existing approvals that allow the company to issue more shares later. This is not counted as current dilution.

BIO-GATE AG

CURRENT: CONVERTIBLES + OPTIONS

Dilution source

Bonds + options

Need for more cash

High

Approved to issue more

Yes

SUMMARY Bio-Gate cut its share count 5:1 and then issued 415,000 new shares. Its three convertible bonds could create up to 760,000 more shares. The two option programs allow up to 809,016 shares, although the actual number of outstanding options may be lower.

IDORSIA LTD

CURRENT: HIGH DEBT + CONVERTIBLES

Dilution source

Debt convertible into shares

Need for more cash

High

Total debt

CHF 1.397bn

SUMMARY At 30 Jun 2026, Idorsia had CHF 89m of liquidity and CHF 1.397bn of debt. This included a CHF 250m convertible loan and CHF 49m convertible bond. Another CHF 100m was still available under its secured loan.

ADDEX THERAPEUTICS

CURRENT: RECENT SHARE SALE

Share dilution

52.97m shares sold

Funding status

Recently financed

Cash runway

To Q4 2027

SUMMARY At 30 Jun 2026, Addex had CHF 0.8m cash. Between 1 Jul and 25 Aug it sold 52.97m new shares into the market, raising CHF 2.3m (USD 2.8m) gross. Management said this should fund operations to Q4 2027.

FUTURA MEDICAL PLC

CURRENT: LARGE SHARE SALE

Share dilution

901m new shares

Funding status

More funding expected

Warrants (future shares)

Up to 204.88m

SUMMARY The Sep-26 financing increased shares outstanding from 581.33m to 1,482.33m. Brokers also received warrants allowing them to buy up to 204.88m shares at 0.2p. The company said cash should last into Feb-27, but more funding would be needed to fully develop the portfolio.

ALZINOVA AB

CURRENT: SHARE SALE IN PROGRESS

Share dilution

Share sale in progress

New cash

Up to SEK 51m

Warrants (future shares)

TO5 + TO6

SUMMARY The ongoing SEK 51m share offering to existing shareholders can add up to 121.58m shares to the existing 202.64m. Investors also receive two series of warrants, which are rights to buy shares later. If the offer is fully subscribed and all warrants are used, total dilution could reach about 66.7%, according to the company.
